Subject: Safe Streets for Everyone

Good afternoon,

I am writing to urge Cambridge to take the lead once again and take steps to install MORE protected cycling infrastructure on Mass Ave and other corridors in Cambridge. Streets are for people and we must reclaim our neighborhoods from the dirty, loud, smelly, polluting, dangerous, isolating car culture.

People not parking!
Parks not parkways!
Community not congestion!

How many more must we lose before we DEMAND MORE from our city streets? Stop the traffic violence, make change. The people will come around. We always adapt.

Boston Cyclists Union, Livable Streets, and other are here to help! Thank you for considering our requests. Be well!

Best,
Christine
